## ANNUAL REPORT- ACADEMIC YEAR 2022 – 2023

I take great pleasure in presenting the annual report for the academic year 2022-2023 of R.V.S College of Engineering founded in 1985, our institution has been dedicated to imparting top-notch education to the minds of the youth and ambitious students, guided by the resonating motto, "Facilitate to Forever." The past year has been marked by a multitude of developmental endeavors, contributing to the continuous enhancement of our college 'stature and offerings.

- In the academic year 2022-2023 a total of students 209 were admitted. These students are spiltted as 128 in undergraduate disciplines and 81 in postgraduate programs.
- We have organized 14 value-added courses to enhance student knowledge, benefiting 509 students. This initiative has empowered students to augment their subject proficiency and excel in their chosen fields of study.
- The God father system is pivotal in nurturing students for a brighter future. Each god father maintains up to 20 students, consistently facilitating and guiding them towards success.
- To monitor student progress, we regularly conduct class committee meetings.
- Number of students successfully completed internships, fieldwork, and projects as integral components of their curriculum.
- The Library offers resources such as DELNET, E-Books, E-Journals, and operates with advanced technical features like a bar coding system and a sophisticated digital library.
- Utilizing ERP software has enabled efficient monitoring of exam coverage, result analysis, and student attendance.

- Our management is committed to supporting meritorious students and those who are facing financial constraints through the provision of scholarships during the admission process, entailing fee waivers.
- A total of 229 students were recipients of management scholarships, amounting to Rs.5,21,000. Furthermore, 457 students availed themselves of various government scholarships, totaling Rs.1,26,69,470/-. R.V.S College of Engineering stands as a nurturing ground, providing an inclusive platform for each student to showcase their unique talents, organizational skills, and collaborative spirit within the team settings.
- Throughout the academic year 2022-2023, our institution maintained a cadre of 134 full-time teachers. A significant number of faculty members, 91, actively participated in faculty development programs hosted by various colleges, while an additional 23 non-teaching staff members underwent administrative training programs conducted internally.
- In order to strengthen professional growth, financial support was extended to faculty members attending conferences, workshops, and other related events. Remarkably, 91 faculty members availed themselves of such opportunities, with a cumulative financial support amounting to Rs.4,72,900/- during the academic year 2022-2023.
- Our faculty members were successful in securing grants totaling Rs.7.15 lakhs from non-government agencies to fund various research projects. Their scholarly contributions were notable, with a total of 22 research papers published in esteemed journals, accompanied by the presentation of papers at international conferences.
- The college has also undergone comprehensive audits, including Green audit, Energy audit, and Environment audit, showcasing its dedication to sustainable and environmentally conscious practices.
- The final semester examination witnessed the participation of a total of 151 students, out of which 128 students successfully cleared the examination. Notably, 101 students secured placements in diverse companies, while 1 student chose to pursue higher education.

- During the academic year, we established Memorandums of Understanding (MOUs) with 5 renowned industries and organizations, further enhancing our collaborative efforts for the benefit of our students.
- A total of 11 kilowatts of solar energy were harnessed within the college campus, contributing to our commitment to utilizing renewable energy sources. Additionally, a biogas plant has been installed as part of our green energy initiative, further enhancing our sustainable practices.
- The Institution facilitates exposure and hands-on experience through various supportive cells and clubs, creating a comprehensive learning environment.
- With a commitment to the holistic development of students, the college actively promotes a balanced blend of co-curricular and extracurricular activities. These activities go beyond the conventional academic curriculum, aiming to enrich students' experiences and skills, preparing them for diverse aspects of life.
- Moreover, the Institution takes a proactive role in guiding students toward their future aspirations. It offers valuable assistance for competitive examinations and career counseling. This initiative has proven beneficial for a substantial number of students, empowering them with the knowledge and insights needed to make informed decisions about their academic and professional paths.
- To instill a sense of patriotism in the minds of our students, the college celebrates Republic Day and Independence Day annually. Additionally, a Fresher's Day is organized each year to warmly welcome first-year students. Furthermore, in an effort to nurture and uphold cultural traditions, R.V.S College of Engineering hosts many events and celebrates various occasions such as Christmas, New Year, Saraswathi Pooja, Pongal, and Diwali.
- This demonstrates the institution's commitment to promoting a rich cultural environment and encouraging students to actively participate in diverse celebrations. Students were given the opportunity to visit industries to acquire firsthand experience and exposure to industrial operations.
